This Agreement is made and entered into as of the above date by and between the "Inventor/Owner" and Practical Applications.

Whereas the Inventor/Owner has and continues to develop an idea, invention, and/or confidential information related to the creation, production, and/or marketing of such, and Inventor/Owner desires to have Practical Applications review and to possibly assist in future development, production, and/or marketing of subject or products related to subject; and

Whereas Practical Applications desires to review and to possibly provide assistance in the development, production, and marketing of subject and such products; and

Whereas the Inventor/Owner must disclose subject and confidential information to Practical Applications in order to obtain Practical Applications' advice and assistance.

Therefore, in consideration of Inventor/Owner's disclosure of subject and confidential information related thereto under the terms and conditions as hereinafter set forth, Practical Applications agrees to accept the following duties and obligations related to Inventor/Owner's subject and confidential information.

Practical Applications agrees that Inventor/Owner's subject and confidential information includes, but is not limited to, designs, prototypes, models, materials, construction, methods of manufacture, performance data, cost estimates, drawings, methods of distribution, and all other information pertaining to this matter, which is transferred to Practical Applications by the Inventor/Owner, but still belongs to the Inventor/Owner.

Practical Applications agrees to use the subject matter only for the purpose of assisting Inventor/Owner in the above described objectives. It is expressly understood and agreed to that Practical Applications shall not use subject or its related confidential information in the development, production, or marketing of any modified or improved item that is similar to subject without the Inventor/Owner's consent.

No unit embodying subject or Inventor/Owner's confidential information may be constructed without the express consent of the Inventor/Owner.

Within five days of the Inventor/Owner's request, Practical Applications shall return to the Inventor/Owner all tangible materials of subject and copies or originals of Inventor/Owner's confidential information.

This Agreement shall be binding upon the parties hereto and their respective successors and assigns.
